Subject: Fw: Need Hearing Preparation Materials (SEPW) - due mid-day Thursday, Dec. 13!

Dear Superfund Remedial Branch Chiefs,

As was discussed on the monthly call today, facts sheets are due to Phyllis Anderson and Thea Williams NO LATER THAN MID-DAY on Thursday, December 13 in preparation for a hearing with the Senate Environment and Public Works Committee. See email traffic below for a list of sites for which these fact sheets need to be developed and for information about the hearing and committee members.

Reminder: these are not supposed to be heavy on site information (contamination, remedies, etc.) BUT focus on community/EJ issues at these sites.

Respectfully,

Imp

Lisa, I just got this. I was going to mention on the call the need for hearing fact sheets. Below, Jim has identified specific sites he think might come up. Can you forward to the BCs, and I can discuss on the call? Thanks!

Phyllis:

Attached below is an email of FFRRO's coordination effort on this same exercise and a list of sites/topics in which we will need fact sheets. Also, Jim want each regional office to assess their sites and provide to us a paragraph outlining the EJ and Tribal issues at the respective site.

List of sites/topics

TCE/VI

Superfund Tax (Lautenburg Bill)

Lead Smelter

Fracking (coordinate with OEM (Dimock, PA) and ORCR (Sandra is OSWER lead))

Dioxin

Navajo Uranium Mines

Phosphate Mining

Subject: ATTENTION REGIONAL COORDINATORS Fw: Need Hearing Preparation Materials

Regional Coordinators:

Please forward this message immediately to your regions to solicit written summaries for the SEPW hearing, as outlined below. Regions will need to scan the list of SEPW members and determine if there are Federal Facilities of interest to those members with the focus on community/EJ issues.

This is an expansion of the earlier request we got to send in site summaries. It is expanded in that the request is going to the private side of Superfund and also that sites can be non-NPL or NPL. Region 9 is already working on refining information for Fort Ord and Hunters Point, as those sites were already named. If appropriate, we can resubmit summaries prepared last month. But, in addition, we should now focus on states represented by committee members.

Summaries are due to FFRRO no later than COB Thursday, December 13 (so we can submit to OSWER on Friday). Note that a request to regions is also going out from OSRTI. I will do my best to coordinate on the HQ end. Please let regions know that our request and OSRTI's are one and the same. They can copy both of us when sending in the summaries.

It would be very helpful if regions can let you know quickly which site summaries they will be preparing. We will discuss a preliminary list in staff meeting tomorrow. In the meantime, please send me an email if you have questions.

Thanks,  
Dianna

Subject: Need Hearing Preparation Materials

The Senate Environment and Public Works Committee is tentatively scheduled to hold a hearing on contaminated sites and community concerns/EJ issues the morning of Thursday, December 20. Mathy Stanislaus is expected to be EPA's witness. The NPL sites that Committee majority staff have mentioned regarding the hearing are Fort Ord (CA), Hunters Point (CA) and Ringwood (NJ). Staff plans to solicit members of the Committee for other sites to add to the list. The contaminated sites that end up being the focus of the hearing may not all be NPL sites. OSRTI needs to poll the regions and ask for them to provide us summaries of the sites in their region that have high visibility community/EJ issues in the states represented by Committee members. The summaries should focus on the community concerns and how EPA is engaging the community and how we are addressing the concerns. For instance, Max Baucus of Montana is a Committee member so I would expect Region 8 to identify Libby as a site with high visibility community and/or EJ concerns. We need to prepare Mathy to respond to Committee member questions regarding these high visibility community sites. We will need the summaries no later than Friday, December 14 (of course sooner is always appreciated). I have inserted names of the Committee members below. If you have any questions, please let me know. Thank you!

Senate Majority Committee Members

Barbara Boxer (CA) (Chairman)  
Max Baucus (MT)  
Thomas R. Carper (DE)  
Frank R. Lautenberg (NJ)  
Benjamin L. Cardin (MD)  
Bernard Sanders (VT)  
Sheldon Whitehouse (RI)  
Tom Udall (NM)  
Jeff Merkley (OR)
